

[2017 **IBS** CONFERENCE]

ibs-nature

CONFERENCE ON FRONTIERS IN GENOME ENGINEERING

September 27-29, 2017

Hoam Faculty House
Seoul National University, Seoul, Korea

www.ibs-conference.org/2017/cge

KEYNOTE SPEAKER

Dana Carroll, *The University of Utah, USA*

SPEAKERS

Jens Boch, *Leibniz University Hannover, Germany*

Caixia Gao, *Institute of Genetics and Developmental Biology, CAS, China*

Charles Gersbach, *Duke University, USA*

Rachel Haurwitz, *Caribou Biosciences, USA*

Weizhi Ji, *Kunming University of Science and Technology, China*

Hyongbum (Henry) Kim, *Yonsei University, Korea*

Jeong Hun Kim, *Seoul National University Hospital, Korea*

Jin-Soo Kim, *Institute for Basic Science / Seoul National University, Korea*

David Liu, *Harvard University, USA*

Kathy Niakan, *The Francis Crick Institute, UK*

Keiji Nishida, *Kobe University, Japan*

Osamu Nureki, *University of Tokyo, Japan*

Erika Sasaki, *Central Institute for Experimental Animals, Japan*

Esther Tak, *MGH, Harvard Medical School, USA*

Meng How Tan, *Nanyang Technological University, Singapore*

Fyodor Urnov, *University of California, Berkeley / Altius Institute for Biomedical Sciences, USA*

Daniel Voytas, *University of Minnesota, USA*

Wensheng Wei, *Peking University, China*

ORGANIZERS

Jin-Soo Kim, *Institute for Basic Science / Seoul National University, Korea*

Caixia Gao, *Institute of Genetics and Development Biology, CAS, China*

Victoria Aranda, *Nature, USA*

Markus Elsners, *Nature Biotechnology, Germany*
